

**Comments received after completion of a complicated circa 150k overclad contract for Bretby Business Park and completion of a £600k production facility steel and cladding facility.**

Morning Pete,

Just to let you know that I have spoken to Adam of Harabin Construction regarding a reference. He does not require a written reference, we spoke at length regarding your company and I told him that you had been involved in three major projects on the Business Park and I that I had been more than satisfied in the quality and manner in which you undertook the work. The completed projects were finished within the time schedule. The finished projects were of a very good standard and I would have no hesitation in Archers undertaking other projects. If he wanted to have a look at your work then I told him that he was more than welcome to do so.

Hope this has been of help.

Kind regards

Tony
