For the attention of Mr P Archer

Peter,

Re: Interxion Data Centre, London.

I would like to thank you and all involved for the exceptional performance in re-fabricating the steelwork in relation to the above project. The fact that you organised a night shift the same day the design issue was discovered and the speed at which this was dealt with was a tremendous achievement.

Please convey this to the shop floor and to Matt and the lads on site who are a credit to Archer Structures Ltd.

Many Thanks

Paul Gibson

Managing Director
